September 17, 2018

TO: All County Employees

SUBJECT: 2018 Flu Vaccination Program

All County employees are eligible for a flu shot at no cost. A yearly flu shot is the best way to avoid the flu and the serious health risks that come with it, especially in young children, pregnant women, the elderly and those with medical conditions that put them at risk. Contrary to a common myth, the flu vaccine **does not cause the flu**. The flu vaccine is preservative free and protects against 2 strains of influenza A and 2 strains of influenza B.

Flu shots will be offered:

- **Flu Clinics have been scheduled at many County work locations. (See the attached schedule.)**
- **Mondays and Fridays at Employee Health Services from 1pm to 3pm, starting October 1st. (See the attached map.)**
- For other flu vaccination resources talk to your healthcare provider or see <http://flushot.healthmap.org>.

Take precautions to prevent the spread of the flu and many other infections.

- Wash your hands frequently with soap and water.
- Use an alcohol-based hand cleaner.
- Don't forget to cover your mouth and nose with a tissue when you cough or sneeze.

Don't get the flu, get the flu shot - protect yourself, your family and your fellow employees. If you have any questions, please contact Employee Health Services at (714) 565-3780.

Scott Hardy, MD, MPH, FACOEM
Medical Director, Employee Health Services

**STOP THE FLU
IT'S ALL UP TO YOU!**

To protect yourself from the flu, you should get vaccinated every year. The flu virus is always changing so the flu vaccine changes too.

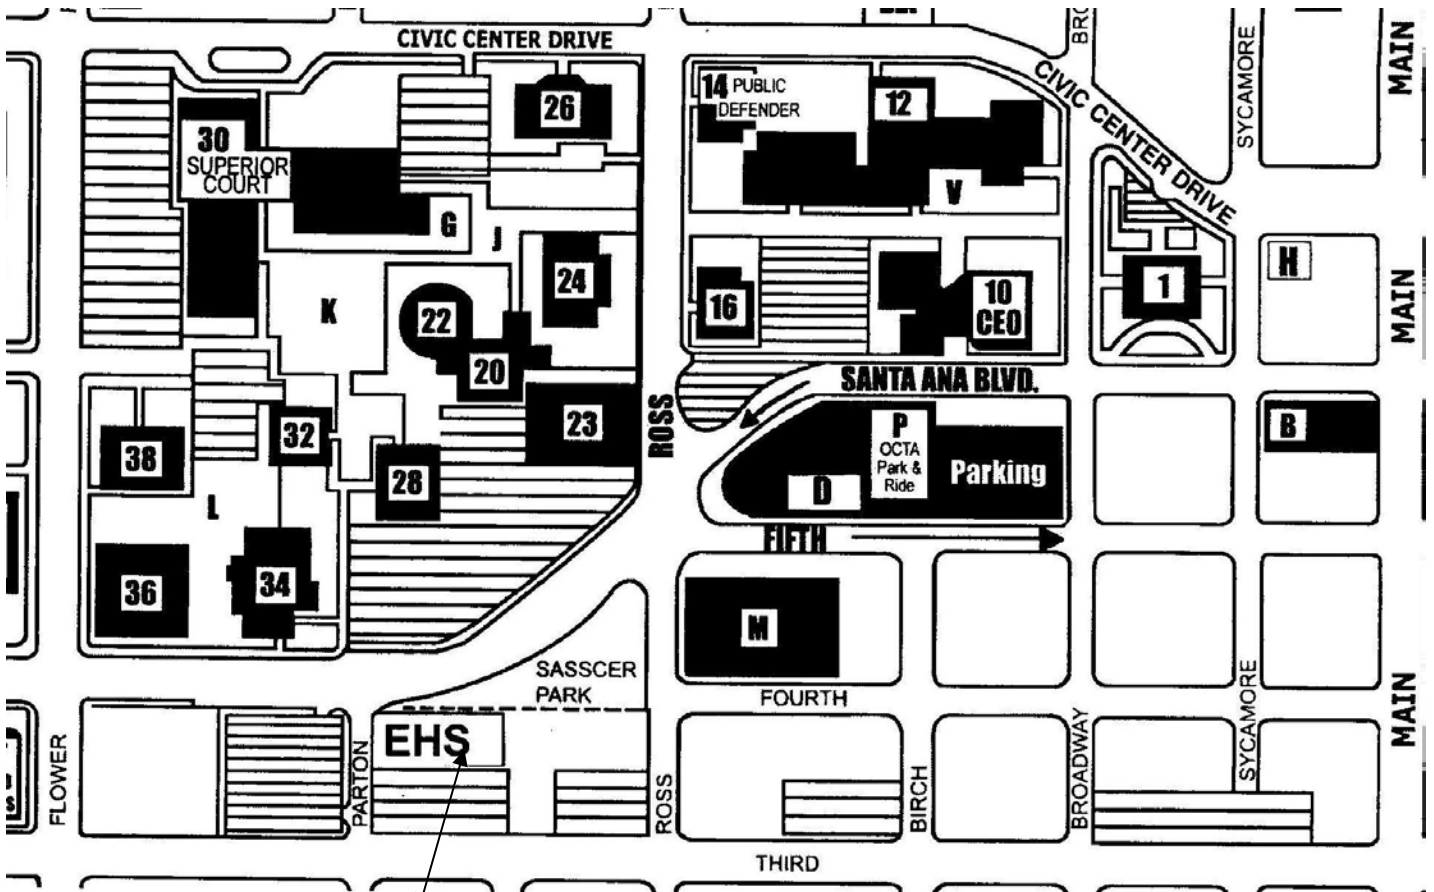

The flu vaccine does not contain any live virus, so you cannot get the flu from the vaccine.

EMPLOYEE HEALTH SERVICES (EHS)

600 W. SANTA ANA BLVD., SUITE 405
 SANTA ANA, CA 92701
 OFFICE: (714) 565-3780 FAX: (714) 565-3788
